

ABC S

60TH

BIRTHDAY

**MOTHER'S DAY
OFFERING**

Celebrating 60 years of
Hope & Care

Together we have served hurting children and families since 1960

Your support helps mom's like Brittany.

Brittany is a client in the New Life Transitional Program, a ministry of Arizona Baptist Children's Services & Family Ministries (ABCS). Her background includes abuse, drug addiction, jail and being the victim of sex trafficking. And yet God found Brittany in her mess and rescued her. "But God demonstrates his own love for us in this: While we were still sinners, Christ died for us." (Romans 5:8) Read the rest of Brittany's story at abcs.org/Brittany.

As a social service agency providing essential resources, ABCS has remained open throughout the pandemic with some modifications to protect our staff, volunteers and families. The needs of families we serve are even greater now. As a result, demand for food boxes, diapers and wipes have increased, along with the need for encouragement and spiritual, emotional and mental support. ABCS' goal is to share the love of Christ while meeting practical needs. Your support of the Mother's Day Offering will help make an immediate impact on families in your community.

THANK YOU FOR YOUR SUPPORT!
